DETAILED ACTION

Response to Amendment

1. This action is in response to amendment filed November 5th, 2003.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph Carrier on November 21st, 2003.

The application has been amended as follows:

On line 27 of page 10, "chamfering of 0.6 C" should read "C chamfering of 0.6".

On lines 20 & 24 of page 8 and on line 25 of page 11, "chamfering of 0.5 C" should read "C chamfering of 0.5".

Allowable Subject Matter

3. Claims 1-10 are allowable over the prior art.
4. The following is an examiner's statement of reasons for allowance:

With respect to claim 1, Fujimoto et al 6,259,082 B1 disclose an image reading apparatus comprising a light guide (10) shaped as a quarter oval with a reflecting surface (10C') and a chamfered surface (10B'). However, Fujimoto et al do not disclose nor suggest that the chamfer being at a non-perpendicular angle to the plane parallel to

the major axis of the quarter oval. As a result, independent claim 1 and dependent claims 2-3 are allowable over the prior art.

With respect to claim 4, Ikeda 6,612,730 B1 discloses a rod shaped light guide and illuminating device in which light guide (12) is illuminated from an edge by source (14). Light guide (12) has a plurality of scattering patterns (13) used to send light onto document (15). However, Ikeda does not disclose nor suggest a light condensing section for condensing light onto the document surface to be read. As a result, independent claim 4 and dependent claims 5-10 are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
